

Hanse 531 s/y Hypatia of Alexandra

A luxury new, modern 53` Sloop, revolutionary, flagship of the German Yachting Industry. This new design provides as much room as possible while guaranteeing the highest degree of performance.

Elongated contours combined with almost vertical stem produce a long waterline for a higher top speed. The distinctive width of her waterline ensures high stability which allows a large sail span without excessive listing.

With aft-leaded spreaders and a non-overlapping foresail, the rigging is easy to operate, yet enables the yacht to reach high speeds with very little wind.

With **Teak Deck**, two leather steering wheels, fully equipped and designed for performances for your comfortable long cruises, complete spinnaker gear, 4 double berths cabins, one two-single beds (separate skipper cabin), **GPS- Plotter**, **GMDSS-DSC**, **Radar**, **Electric Generator** , Hypatia of Alexandra guarantees you an unforgettable sailing cruise with great performances.
